Technical Skills

• Languages

- JavaScript
- Python
- HTML
- CSS
- SQL

• Frameworks

- React
- Flask
- SQLAlchemy
- Vite

• Tools

- Git
- GitHub
- REST APIs
- SQLite
- JWT Authentication

Summary

As a newly graduated full-stack engineer with 10+ years of experience in financial services, I combine my in-depth fintech domain knowledge with strong communication and problem-solving skills in order to deliver customer-focused software solutions.

Relevant Work Experience

Achieve (Freedom Financial) - Personal Loan Consultant (September 2022 - September 2024)

- Analyzed customers' financial and credit profiles in order to recommend tailored refinancing solutions.
- Personally oversaw customer applications through each part of the process, ensuring a smooth and consistent customer experience.

JPMorgan Chase — Mortgage Loan Officer (March 2022 - August 2022)

- Originated mortgage refinance applications and kept meticulous track of documentation.

Better Lending — Mortgage Loan Officer (March 2021 - March 2022)

- Dealt with underwriting coordination, keeping open and thorough lines of communication with clients, and managed the mortgage pipeline.

Consumer Cellular — Customer Service Supervisor (August 2018 - July 2020)

- Developed and mentored teams of 10-15 people through coaching and monitoring performance metrics while maintaining high standards of customer service.

Education

Flatiron School - Full-Stack Software Engineering Bootcamp

- June 2025 - July 2026
- Successfully completed an intensive full-stack curriculum that included JavaScript, React, Python, Flask, SQL, APIs, authentication, testing, and Git.
- Built three capstone applications, included in the attached portfolio:
 - Build n' Buy
 - Full-stack financial planning application with authentication, contribution tracking, and AI-powered budgeting recommendations
 - PumpAI
 - Fitness tracking platform with user identification, nutrition and workout logging, and AI coaching.
 - Tokyo Travel Planner
 - React application that integrates weather, maps, restaurants, and various travel tools

Hamilton Highschool

- Chandler, AZ - Graduated 2014
